Oxford Community Schools Parental Notice for Schools of Choice 105C Special Education

Student Name: _____ School: _____

Resident School District: _____

Your resident school district is outside of Oakland County, and you have applied for enrollment of your student who is identified as a student receiving special education programs or services under IDEA.

Out of county Schools of Choice, Section 105C regulations are as follows:

Pursuant to Section 105c of the State School Aid Act of 1979, MCL 388.1705c, Oxford Community Schools **must** have a written cost-sharing agreement with the resident district as to the payment of added costs associated with an out-of-county pupil's special education programs and services. *This agreement is required for any student who is identified as a special education student at the time of enrollment. If Oxford Community Schools and the resident district are not able to reach a written agreement regarding the coverage of added costs of special education programs and services for the student, the pupil shall not be enrolled.*

Please signify below your understanding of this regulation:

- I understand the Section 105c Schools of Choice regulations and how they affect the enrollment of my child who receives special education services. ***If a written cost-sharing agreement cannot be obtained from my resident school district, then I understand that my child's enrollment process is terminated.***
