Kindergarten/Developmental Kindergarten Waiver Request

According to Michigan Law, if a child is not five years of age on September 1 but will be five years of age not later than December 1, the parent or legal guardian of that child may enroll the child in Kindergarten or Developmental Kindergarten for school if the parent or legal guardian notifies the school district in writing.

Per Michigan law:

Students born after September 1, must submit written notification to Student Services informing the district that he or she intends to enroll the child in Kindergarten/Developmental Kindergarten prior to the start of school.

Understanding that the parent or legal guardian retains the sole discretion to determine whether or not to enroll the child in Kindergarten/Developmental Kindergarten if the student is five years of age not later than December 1, we believe that due to the implementation of the Common Core National Standards, which are more rigorous than previous kindergarten standards, that older students will generally be more successful in Kindergarten/Developmental Kindergarten.
